Terms and conditions

1. Advance payment is non-refundable.
2. Subject to all documents and payments being received within timelines.
3. System price only applicable for 3 months. Any further delay on account of customer might lead to price escalation.
4. EMI approval is subject to T&C of our NBFC partners. In some cases, additional co-applicant may be required.
5. We recommend that inverters be installed on the ground floor. Customers wishing to install the inverter on the terrace are to be charged INR 3000 for 1 phase inverters and INR 5000 for 3 phase inverters.
6. We have assumed the shortest possible cable routing. Any extra cable consumed due to extra routing as per customer's request will be charged separately and must be settled with the payment milestone following Design Approval.

DC	AC	LA	Earthing	Conduit
100	20	58	80	100

*qty in meters (The quantities displayed are applicable for upto G+2 floor height)

7. 16-20 meters will be added in the Budgets for each floor beyond G+2 including all cables and conduits.
8. A convenience fee of Rs1000/kW (upto Rs3000) will be charged for EMI transactions through PSU banks.
